

OUR SERVICES

Subsurface Consultants & Associates, LLC

Founded by Daniel J. Tearpock in 1988, Subsurface Consultants & Associates, LLC (SCA) provides consulting, training, and recruitment services to the energy industry.

Consulting

We provide geoscience and petroleum engineering personnel to supplement our client's activities in the energy industry. Our consultants have conducted assignments in over 50 countries and in virtually every major producing basin around the world.

Categories of projects and studies that our consultants have worked include:

- A&D Advisory
- Appraisal and Field Development Evaluations
- Asset/Portfolio Evaluation
- Business Advisory Services
- Carbon Capture Utilization & Storage
- Geothermal Services
- Mentoring
- Post-Drilling Evaluation and Assessment
- Prospect Generation and Evaluation
- Reservoir & Geomechanics
- Third Party & Peer Review

Training

We provide technical training to energy industry professionals of all experience levels around the world. Our instructors are industry-recognized experts in their fields.

Both in-person and live online courses are offered in the following disciplines:

- Geoscience
- Engineering
- Unconventional Reservoirs
- Energy Transition
- Formation Evaluation
- Multi-Disciplinary & Introductory
- Field Courses

Recruitment

In addition to contract assignments, we also place candidates into full-time positions. Our recruiting team is committed to understanding each client's unique requirements and is proficient in assessing candidates to meet those specific needs.
